10:30am – 12:00pm

The social implications of emerging technologies: Are the most important questions the least studied?

Panel Organizer: Peter Severinson
Federation for the Humanities and Social Sciences

The social implications of emerging technologies
Are the most important questions the least studied?

Les répercussions sociales des technologies émergentes
Les questions les plus importantes sont-elles les dernières à faire l'objet d'une étude?

#voirgrand   #bigthinking

Discussion questions

1. In a time of rapidly developing technology, what social implications should we be concerned about?

2. Why do the social implications of technology matter? Who is affected?

3. Are we devoting sufficient attention to social implications? What are the challenges?

4. What can we do to better address the social implications of emerging technologies?
