

November 20th–22nd, 2024

Westin Hotel, Ottawa, ON

# CSPC2024

16th Canadian Science Policy Conference

## OVERVIEW

### EXPERIENCE THE VALUE OF CSPC PARTNERSHIP

CSPC's Partnership Program provides an exciting array of possibilities for public, not-for-profit, and private sector stakeholders to showcase their importance in Canada's science, technology, and innovation policy ecosystem. Your partnership investment will deliver numerous benefits, including major exposure to key target audiences and significant value and recognition through exceptional onsite and online promotional opportunities. Become a part of the CSPC 2024 journey and experience the value of its partnership.

### NOT JUST A CONFERENCE – A FESTIVAL OF SCIENCE POLICY

CSPC is Canada's most comprehensive, multi-sectoral, and interdisciplinary forum on science and innovation policy. This conference is often touted as a must-attend event for members of the science, technology, and innovation (STI) policy communities, including politicians, senior government officials, researchers, university executives, not-for-profit and business leaders. CSPC is a multi-day festival with several platforms and events where delegates can network and engage in the most important conversations.

#### CSPC 2024 will expect:

- 1000+ attendees, 300+ speakers, 50+ panel sessions
- Spectacular Gala Dinner at the Trillium Ballroom of Shaw Centre; well attended by leaders of various sectors, as well as ambassadors, and parliamentarians
- Exclusive Partner Only Dinner Function
- Award Ceremony celebrating Excellence in Science Policy
- Interview Series with prominent figures of science and innovation policy community
- Publishing the 6th issue of Science Policy Magazine
- An exhibit hall

### EVERYONE WILL BE THERE, AND SO SHOULD YOU

CSPC represents the “who’s who” of science and innovation policy from both the current leadership cadre and the next generation of Canada’s top scientists, business leaders, and science policy experts, including:

- Government policymakers (federal, territorial, provincial, and local)
- Industrial R&D managers and senior management from the private sector
- University executives
- Researchers across all sectors
- Scientific and industrial associations
- Granting agencies and funding bodies
- Non-governmental organizations, agencies, foundations
- Journalists and media
- Communications and government relations professionals
- Innovators, venture capitalists, and consulting firms
- The next generation of science and innovation policy leaders

### CONFERENCE TRACKS:

- Science, Knowledge and Society
- Science, Knowledge, Policy
- Innovation Policy and Economic Development
- Science, International Affairs and Security
- Science and the Next Generation
- Grand Challenges: Adaptation, Resilience, Canada’s Role
