PARTNERSHIP PROSPECTUS

BRING YOUR BRAND, MESSAGE AND IDEAS
TO AN INFLUENTIAL AND MOTIVATED AUDIENCE

November 19th–21st, 2025
Westin Hotel, Ottawa, ON

17th Canadian Science Policy Conference

OVERVIEW

EXPERIENCE THE VALUE OF CSPC PARTNERSHIP

CSPC's Partnership Program provides an exciting array of possibilities for public, not-for-profit, and private sector stakeholders to showcase their importance in Canada's science, technology, and innovation policy ecosystem. Your partnership investment will deliver numerous benefits, including major exposure to key target audiences and significant value and recognition through exceptional onsite and online promotional opportunities. Become a part of the CSPC 2025 journey and experience the value of its partnership.

NOT JUST A CONFERENCE – A CELEBRATION OF SCIENCE POLICY

CSPC is Canada's most comprehensive, multi-sectoral, and interdisciplinary forum on science and innovation policy. This conference is often touted as a must-attend event for members of the science, technology, and innovation (STI) policy communities, including politicians, senior government officials, researchers, post-secondary executives, not-for-profit and business leaders. CSPC is a multi-day conference with several platforms and events where delegates can network and engage in the most important conversations.

CSPC 2025 expects:

- 1000+ attendees, 300+ speakers, 50+ panel sessions
- Spectacular Gala Dinner; well attended by leaders of various sectors, as well as ambassadors, and parliamentarians
- Exclusive Partner Only Dinner Function
- Award Ceremony celebrating Excellence in Science Policy
- Interview Series with prominent figures of science and innovation policy community
- Publishing the 7th issue of the Canadian Science Policy Magazine
- An exhibit hall

17th Canadian Science Policy Conference

EVERYONE WILL BE THERE, AND SO SHOULD YOU

CSPC represents the “who’s who” of science and innovation policy from both the current leadership cadre and the next generation of Canada’s top scientists, business leaders, and science policy experts, including:

- Government policymakers (federal, territorial, provincial, and local)
- Industrial R&D managers and senior management from the private sector
- Post-secondary executives
- Researchers across all sectors
- Scientific and industrial associations
- Granting agencies and funding bodies
- Non-governmental organizations, agencies, foundations
- Journalists and media
- Communications and government relations professionals
- Innovators, venture capitalists, and consulting firms
- The next generation of science and innovation policy leaders

CSPC 2025 will discuss emerging issues of the STI ecosystem, including:

- Policy and Governance for a Resilient STI Ecosystem
- Science, Society and Public Engagement in STI
- Industry Leadership and Economic Growth
- Science Diplomacy and Geopolitical Shifts
- Next Generation, Talent Development
- Addressing Grand Challenges and Emerging Risks

...and many more exciting topics!
