Fairmont Château Laurier, Ottawa

PARTNERSHIP PROSPECTUS

BRING YOUR BRAND, MESSAGE AND IDEAS
TO AN INFLUENTIAL AND MOTIVATED AUDIENCE

November 25th–27th, 2026
Fairmont Château Laurier, Ottawa

CSPC 2026

18th Canadian Science and Innovation Policy Conference

OVERVIEW

EXPERIENCE THE VALUE OF CSPC PARTNERSHIP

CSPC's Partnership Program provides an exciting array of possibilities for public, not-for-profit, academic, and private sector stakeholders to showcase their importance in Canada's science, technology, and innovation policy ecosystem. Your partnership investment will deliver numerous benefits, including major exposure to key target audiences and significant value and recognition through exceptional onsite and online promotional opportunities. Become a part of the CSPC 2026 journey and experience the value of its partnership.

NOT JUST A CONFERENCE – A CELEBRATION OF SCIENCE AND INNOVATION POLICY

CSPC is Canada's most comprehensive, multi-sectoral, and interdisciplinary forum on science and innovation policy. This conference is often touted as a must-attend event for members of the science, technology, and innovation (STI) policy communities, including politicians, senior government officials, researchers, academic executives, not-for-profit and business leaders. CSPC is a multi-day conference with several platforms and events where delegates can network and engage in the most important conversations.

CSPC 2026 expects:

- 1000+ attendees, 300+ speakers, 50+ panel sessions
- Spectacular Gala Dinner; well attended by leaders of various sectors, as well as ambassadors, and parliamentarians
- Exclusive Partner Only Dinner Function
- Award Ceremony celebrating Excellence in Science and Innovation Policy
- Interview Series with prominent figures of science and innovation policy community
- Publishing the 8th issue of the Canadian Science Policy Magazine
- An exhibit hall

November 24th–27th, 2026
Fairmont Château Laurier, Ottawa

CSPC 2026

18th Canadian Science and Innovation Policy Conference

EVERYONE WILL BE THERE, AND SO SHOULD YOU

CSPC represents the "who's who" of science and innovation policy from both the current leadership cadre and the next generation of Canada's top scientists, business leaders, and science policy experts, including:

- Government policymakers (federal, territorial, provincial, and local)
- Industrial R&D managers and senior management from the private sector
- Academic executives
- Researchers across all sectors
- Scientific and industrial associations
- Granting agencies and funding bodies
- Non-governmental organizations, agencies, foundations
- Journalists and media
- Communications and government relations professionals
- Innovators, venture capitalists, and consulting firms
- The next generation of science and innovation policy leaders

CSPC 2026 will discuss emerging issues of the STI ecosystem, including:

- STI, Sovereignty, and National Capability
- The Challenge of Implementation – Coordination and Collaboration
- Productivity, Competitiveness, and Economic Transformation
- Civil Society, Public Trust, Social Cohesion, and Democratic Resilience
- Talent Development and Future Skills
- Science and Innovation Diplomacy and Geopolitical Shift
- Northern and Arctic Knowledge and Innovation
